INTRODUCTION

The Canadian High Performance Stream (HP) is the preferred pathway for athletes aspiring towards National Team. It is the pathway that will lead a gymnast towards the pursuit of excellence and achievement of medals at the highest international level. The HP models and identified technical guidelines foster the development of exquisite technique and technical proficiency to assist in the development of young athletes as they prepare for FIG level competition. The models are intended for coaches to apply for each gymnast, on an individual basis to optimize that gymnast’s skills and abilities. Coaches may have different strategies for each gymnast, even on different events, depending upon the difficulty values of elements, the execution, the ability to connect elements and the consistency of performing skills and whole routines.

The objective for the HP Stream have been set out by the Women’s Program Committee of Gymnastics Canada as follows:

To Provide technical leadership support and guidelines for athlete development through Novice, Junior and Senior HP categories with the goal of sustaining international success from within our National Teams.

The HP Stream has three levels:

**Novice**
Ages 11 to 13
For Novices, the HP model is designed to specifically develop and prepare these young gymnasts for future excellence by incorporating various predicted international trends and directions. Novices will be evaluated according to the FIG Code of Points and are eligible to receive additional bonus through the HP models.

**Junior**
Ages 12-15
There are no models developed for the junior category. Gymnasts compete the modified FIG rules for the junior level. The HP rules do provide technical performance expectations and identify preferred technique and body position. These expectations are used for the evaluation of routines under the High Performance models.

**Senior**
Ages 15 and older in Canada. Must be 16 and older internationally
Competing pure FIG rules, with modifications on vault and some equipment modifications. Senior category is the highest level in international gymnastics. In Canada, some equipment modifications have been introduced for most competitions.

The Women’s Program Committee (WPC) of Gymnastics Canada is responsible for the content of the Canadian HP Program. Members of the WAG PC are: Chris Baraniuk, Alex Bard, Dave Brubaker, Debbie Calvin, Katerine Dussault, David Kenwright, Matt McCann, Andrée Montreuil and Karl Balisch.
GENERAL REGULATIONS

1. AGE ELIGIBILITY
Age of the athlete is based on their age as of December 31 in the year in which they are competing as per FIG.

The following chart will identify eligible athletes for the years

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Senior</td>
<td>2001 and older</td>
<td>2002 and older</td>
<td>2003 and older</td>
<td>2004 and older</td>
</tr>
</tbody>
</table>

2. MODIFICATIONS AND COMMITTEE RESPONSIBILITIES
a) The WAG PC of Gymnastics Canada reserves the right to make changes and/or clarifications to these regulations over the course of the competition year. These clarifications will be circulated to all PTO’s and program members, and will be posted on the GCG website.

3. WARM UP & COMPETITION FORMAT
For all categories of the High Performance Program, the FIG format for warm up will be used at Elite Canada and Canadian Championships.

<table>
<thead>
<tr>
<th>Warm-up Type</th>
<th>Format</th>
</tr>
</thead>
<tbody>
<tr>
<td>General</td>
<td>20 minutes: Athletes may not start the general warm-up on the warm-up or competition floor before the set time. Once the general warm-up starts, athletes may warm-up on the WAG floor, mats and runway only. They may not use the boards and/or get on the table, bars or beam for any reason during the general warm-up. If it is part of the team choreography warm-up, athletes may perform on the floor a) basic floor acro tumbling b) beam acro on a line. The use of diagonals is prohibited. This rule does not apply during Apparatus Finals, because an open warm up format is used.</td>
</tr>
<tr>
<td>Apparatus</td>
<td>Minimum of 3 min per athlete, depending on schedule and number of athletes in session /group. On UB - no attempt will be made to regroup the athletes using chalk/no chalk.</td>
</tr>
<tr>
<td>Touch</td>
<td>30/50 sec per athlete as per FIG</td>
</tr>
<tr>
<td>UB: chalk, raising</td>
<td>If there are athletes with and without grips/chalk or needing to raise the bars, the athletes are divided into 2 sub-groups: grips/chalk and no grips/chalk. Each sub-group warms up 50 sec / athlete. 90 seconds are granted for each different bar preparation/raise. The competition order cannot be modified. As a general guideline, the coaches will agree on the most efficient way to warm up and compete prior to warm up on UB. If the coaches do not agree, the D1 judge will decide.</td>
</tr>
<tr>
<td>Group size</td>
<td>7 or less warm up in one group; 8 + athletes warm up in 2 groups: 4 – 4, 5 – 4, 5 - 5</td>
</tr>
</tbody>
</table>

For other competitions, the Province / Competition Host will determine the Warm Up and Competition format which best fit their schedule. The use of the FIG warm up is recommended, however the Canadian Warm up format below may be used for Novice.
Women’s Artistic Gymnastics High Performance Program

<table>
<thead>
<tr>
<th>General Warm up</th>
<th>20 minutes: Athletes may not start the general warm up on the competition floor before the set time. Athletes may not use the equipment at will during the general warm up.</th>
</tr>
</thead>
<tbody>
<tr>
<td>V</td>
<td>2.5 min / athlete</td>
</tr>
<tr>
<td>UB</td>
<td>2.5 min / athlete</td>
</tr>
<tr>
<td>BB</td>
<td>2 min / athlete</td>
</tr>
<tr>
<td>FX</td>
<td>2 min / athlete minimum 5 min, maximum 8 min</td>
</tr>
</tbody>
</table>

**Canadian Warm up**
- 2.5 min / athlete
- 2 min / athlete
- Minimum 5 min, maximum 8 min

**UB** If there are athletes with and without grips/chalk, athletes are divided into 2 sub-groups: grips/chalk and no grips/chalk. Each sub-group will warm up 2 min / athletes. 90 seconds is granted for each different bar preparation.

**Individual Competition**
- Group warm-up
- Group warm-up
- Individual warm-up: time stopped between athletes for max 5 sec
  - * includes time to set-up the mats and board
- Group warm-up

**UB (chalk, raising)**
- If there are athletes with and without grips/chalk or needing to raise the bars, the athletes are divided into 2 sub-groups: grips/chalk and no grips/chalk. Each athlete is guaranteed 2.5 min to warm up. 90 seconds are granted for each different bar preparation/raise. As a general guideline, the coaches will agree on the most efficient way to warm up and compete prior to warm up on UB. The warm up and competition order may be changed for efficiency. If the coaches do not agree, the D1 judge will decide.

**Group size**
- 7 or less warm up in one group;
- 8 + athletes warm up in 2 groups: ex. 4 – 4, 5 – 4, 5 - 5

Unauthorized warm-up will be considered as unsportsmanlike behaviour with direct impact on the result/performance of the gymnast/team. The Competition Head Judge will warn the offending coach first then if necessary shall give a Yellow Card and the corresponding deduction of 0.50 will be taken from the gymnast’s final score on that event.

During competition, gymnasts may warm up on the event apparatus as permitted by the rules as outlined in the Code of Points or in the Code Supplement. Gymnasts may not warm up on other event apparatus. i.e. when warming up for beam, using the floor exercise mat unless authorized, for a given session, by the Canadian Head Judge (or designate) or the PD-AG.

4 ATHLETE REGULATIONS

4.1 ATTIRE/APPEARANCE

In all Canadian Women’s Artistic Gymnastics Competitions gymnasts will in general principle follow the FIG Code of Points regulations in section 2.3.2 related to attire/appearance. The following are modifications and reminders related to those regulations:

a) Incorrect attire is taken only one time per competition session.

b) Hair should be secured away from the face so as not to obscure her vision of the apparatus;
c) Handguards, body bandages, and wrist wraps are permitted; they must be securely fastened, in good repair and should not detract from the aesthetics of the performance. Tape and other bandages must be beige or skin-colored when available from the manufacturer;

d) They must refrain from wearing hip or other padding; Padding can be considered as a protector such as sponge on hips and ankles and is not allowed. ‘Chinese ankle guards’ are acceptable if not too large.

e) Elastic waistbands traditionally worn as training aids are incorrect attire.

4.2 GENERAL COMPETITION REGULATIONS

a) It is not necessary for gymnasts to ask permission to leave the competition area (i.e., go to washroom, leave designated waiting area to speak to coach, get ice from medical personnel, etc.). However, where possible, gymnasts should inform the D1 judge that she will be leaving to ensure the smooth running of the competition.

b) As per the Code of Points Regulations for Gymnasts (Section 2.3.1 Page 2): “She must leave the podium immediately after the conclusion of her exercise”. In Canada this is interpreted as also meaning that gymnasts may not perform a skill(s) as they are leaving the apparatus area. i.e. on beam during the routine gymnast fell on back salto – on leaving the apparatus the coach has gymnast perform element again on the landing mat.

4.3 PREPARATION OF EQUIPMENT

a) During the competition, the apparatus may be prepared ahead of time but the gymnast may not warm up on the apparatus before the official time begins. This includes the matting at an event. i.e. saltos on the beam mat while waiting for the green light or signal to begin, are not permitted.

b) A coach whose athlete was on Vault may prepare the rails when the competition on UB is finished, upon permission of the D1 to ensure the previous rotation is complete.

5 RIGHTS AND RESPONSIBILITIES OF COACHES

The rights of coaches for all competitions will follow the FIG Code of Points regulations under section 3.1. Coaches should be familiar with these regulations as follows:

5.1 THE COACH IS GUARANTEED THE RIGHT TO:

a) Assist the gymnast or team under his/her care in submitting written requests related to the raising of apparatus and the rating of new vault or element.

b) Assist the gymnast or team under their care on the podium during the warm up period on all apparatus.

c) Help the gymnast or team prepare the apparatus for competition.
   – vault to prepare the safety collar.
   – vault, uneven bars and balance beam to prepare springboard and position the supplementary landing mat.
   – uneven bars to adjust and prepare the uneven bar rails

d) Be present on the podium (In Canada the mats surrounding the apparatus will be considered as the "podium ") after the gymnast has saluted to begin to remove the springboard on Balance Beam and Uneven Bars or for purposes of safety as outlined below.
Women’s Artistic Gymnastics High Performance Program

e) Assist or advise the gymnast during the intermediate fall time period on all apparatus and
between the first and second vault.
f) Be present at all apparatus to help in case of injuries or defects of the apparatus.
g) Inquire to Superior Jury concerning the evaluation of the content of the exercise of the gymnast.
h) Request to Superior Jury a review of the Time and Line deductions.

5.2 THE COACH MAY NOT DO THE FOLLOWING:

a) Change the height of the apparatus without permission.
b) Speak to the D2 or E Panel judges about a performance during the competition (questions must
be directed to the D1).
c) Interfere with the rights of other participants.
d) Delay the competition or display flagrant, undisciplined and abusive behaviour.

5.3 STANDING ON PODIUM IN A POSITION FOR GYMNAST SAFETY

a) Coaches are not allowed to block the view of the judges - however there is no deduction for this
offence. Judges should request that the coach moves.
b) Podium: In Canada the mats surrounding the apparatus will be considered as the "podium ".
Unauthorized remaining of the coach on the podium is a deduction of 0.50 from the gymnast’s
final score on that event.
c) If a coach is on the mat at BB and spots an element the deduction is 0.50 for being on the mat and
1.0 for spotting assistance for a total deduction of 1.50. The gymnast will not receive DV, CV or CR
for the skill that has been spotted.

5.4 ENCOURAGEMENT OF ATHLETE

While the code of points specifies that a coach may not speak directly to the gymnast, give signals, shouts
or cheers, the Canadian Program encourages the support of the coach in competition - general cheering
and encouragement will be accepted. However, technical verbal cues by the coach (or teammate) to
their own gymnast are not permitted (e.g. “hollow”, “tap”, “breathe”, etc.). Technical verbal cues may
result in a deduction of 0.5.

5.5 PROFESSIONAL ATTIRE

In order to maintain a professional image, coaches are required to abide by the following regulations for
attire while on the competition floor during warm-up and competition:

a) appropriate team/club uniform, excluding hats, shorts, midriff tops, ripped or torn clothing or
similar; T-shirt, polo shirt or training jacket;

5.6 UNSPORTSMANLIKE BEHAVIOUR

Gymnastics Canada believes in professional behaviour and respect for all. For Canadian Championships
or Elite Canada a behaviour which is considered unacceptable according to the FIG Code of Points, the
GCG Code of Ethics, or the rules generally accepted in Canadian society will be sanctioned by:

- the Canadian Head Judge; and/or
- the Superior Jury; and/or
- the WPC.
Women’s Artistic Gymnastics High Performance Program

They will also determine if the offence is minor or serious and apply penalties as outlined in section 3.3 of the FIG Code of Points. A minor offence may be sanctioned by:

- a verbal or written warning;
- written reprimand.

Additional sanctions for a serious offence may be imposed by GCG in accordance with GCG Policy and Procedures and may include a fine to be levied against the coach.

If a coach is given a Yellow Card for one offence and then commits another offence he/she will then be given a Red Card. It is not necessary to have repeated the same offence.

<tr>
<td>Yurchenko Collar and Hand mat</td>
<td>An approved Yurchenko collar and hand mat must be used for all round off entry vaults. These may not be used for other vaults.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Uneven Bars**

- HB: 250 cm (+/- 1cm)
- LB: 170 cm (+/- 1cm)
- Diagonal: 130 to 180 cm

Taller gymnasts may raise both bars by 10 cm upon submission of request to raise bar form in appendix. However, a gymnast cannot ask to raise the UB in order to use supplementary matting under the rails.

- 1 – Soft

The springboard must be placed on the landing mat or on the 10 cm suppl. mat, if mount and dismount are performed on the same side. The board cannot be placed on a safety mat. Novice: if mt and dmt on the same side and gymnast uses a 20 cm safety mat for the dismount, the safety mat must be placed after the athlete has mounted. Coaches are permitted to place a small board under the springboard and on top of any supplementary mat.

**Supplementary mat (sting)**

- Mandatory 10 cm
- Mandatory 10 cm

Supplementary mats may be placed under the rails, but MAY NOT extend beyond the LB.

- For D+ release, allowed to slide in and out
- Allowed under LB and HB for entire routine, or slid in/out

**Safety Mat (20 cm)**

- Not allowed

The supplementary or safety mat MAY extend beyond the LB.

**Beam**

- 125 cm (+/- 1cm)

The springboard must be placed on the landing mat or on the 10 cm supplementary mat, if mount and dismount are performed on the same side. The springboard cannot be placed on a safety mat. Novice: if mt and dmt on the same side and gymnast uses a 20 cm safety mat for the dismount, the safety mat must be placed after the athlete has mounted. Coaches are permitted to place a small board under the springboard and on top of any supplementary mat.

**Springboards**

- 1 – Soft

The springboard must be placed on the landing mat or on the 10 cm supplementary mat, if mount and dismount are performed on the same side. The springboard cannot be placed on a safety mat. Novice: if mt and dmt on the same side and gymnast uses a 20 cm safety mat for the dismount, the safety mat must be placed after the athlete has mounted. Coaches are permitted to place a small board under the springboard and on top of any supplementary mat.
When a 20 cm safety mat must be slid in, the 10 cm supplementary mat may be left slightly to the side at the beginning of the routine so that tall gymnasts do not brush / hit the safety mat. As soon as the 20 cm safety mat is removed, the coach must adjust placement of the 10 cm supplementary mat so that it is in the correct position for the dismount.

Canadian Championships and Elite Canada are bound by the terms of the sponsorship agreement for equipment, specifically springboards. Each PTO is responsible for determining what boards and spring configurations are used at competitions under their jurisdiction.

### 6.2 USE OF MAGNESIA (CHALK) AND USE OF TAPE
- As per the FIG Code of Points, gymnasts may use chalk on Uneven Bars and to make small markings on the Balance Beam (tape markings are not allowed).
- In Canada, the spreading of magnesia on the Floor Exercise mat is not allowed; small marks are allowed for the purpose of marking the placement of a supplementary mat. No velcro or tape markings are allowed within the Floor Exercise area. Gymnasts are permitted to apply chalk to feet or hands.
- Use of tape or excessive chalk is not permitted on the vault table.
- On the Vault Runway, athletic tape or Velcro strips may be used in front of the vault board or hand mat and to mark a gymnast’s starting point.
- The judge must issue a warning before taking a deduction if the measurement is exceeded or if the markings are not removed.

### 6.3 EQUIPMENT SET-UP AND VERIFICATION
a) It is the responsibility of the Organizing Committee to set-up the equipment according to the High Performance Program specifications. At Canadian Championships and Elite Canada, the PD-AG and Canadian Head Judge or their representatives will ensure that the equipment is correctly set up. The Canadian Head Judge or Assistants will check it at the beginning of each training day.
b) The verification of apparatus will include the lines on the regular and supplementary mats for Vault.
c) The D1 is responsible for ensuring the correct equipment specifications are verified prior to the warm-up for each competition session.
6.4 **DEDUCTION IN CASE OF USE OF UNPERMITTED ADDITIONAL MATTING ON UB - BY D1 JUDGE**

a) If the safety mat is slid in, the 0.50 deduction will be applied if the 20 cm safety mat is left in place, immobile too long - maximum 2 moves preceding and following each acceptable element.

b) There is a 0.50 deduction if the 20 cm safety mat is under the rail and no D, E, F or G release element is performed. (Except for Novice)

6.5 **BALANCE BEAM: SUPPLEMENTARY MAT EXCEPTION FOR DISMOUNT:**

- Gymnasts may place the supplementary mat at the side of the beam for dismounts to the side.
- Coach should inform the D1 that the supplementary mat will be moved

7 **JUDGING REGULATIONS**

The structure of the Apparatus Jury for the various types of competitions

7.1 **STRUCTURE OF THE JUDGING PANEL**

The judging panel usually consists of between four (4) to six (6) judges, which form a D Panel and E Panel.

The D1 and D2 are seated together. The E Panel will be seated separate from the D Panel whenever possible

<table>
<thead>
<tr>
<th>National Competitions (EC, CC)</th>
<th>Provincial, Invitational (suggested minimum)</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 or 6 Judge Panel</td>
<td>Suggested: 4 Judge Panel</td>
</tr>
<tr>
<td>2 D / E - Panel Judges</td>
<td></td>
</tr>
<tr>
<td>2 or 4 E - Panel Judges</td>
<td></td>
</tr>
</tbody>
</table>

The E Score is the average of the two middle E Scores [10 – E deductions] when there are four E judges; average of four middle E Scores when there are six E judges. In calculating the final score, go to 3 decimals. No rounding up.

**Line & Time judges:**

- Two (2) line judges for Floor Exercise
- One (1) line judge for Vault
- One (1) time keeper for Uneven Bars, Balance Beam and Floor Exercise

7.2 **NEW INTERPRETATIONS / IN CASE OF A DOUBT:**

a) New interpretations:

No new interpretation may be introduced at a national level competition unless written notification has been circulated by GCG before the competition.

It is understood that a province may put emphasis on certain aspects of the Code or even modify certain regulations and guidelines. This is their privilege within their area of jurisdiction. However judges must ensure that provincial emphasis/modifications are not automatically transferred to national level competitions.
Execution is to be judged according to the FIG Code of Points, and the Technical Directives of the HP Program.

b) In case of a doubt:
In case of a doubt regarding the current interpretation of a rule, the benefit of the doubt will be given to the gymnast until clarification has been received from GCG. The concept of “benefit of the doubt” is to be applied only in cases where the rule is unclear according to the judges, not when there is a different interpretation of the rule between the coach and the panel or jury.

7.3 INQUIRIES DURING THE COMPETITION IN CANADA (SPECIFIC TO GCG SANCTIONED DOMESTIC COMPETITIONS)

Coaches have the opportunity to make an inquiry or submit a protest regarding their gymnast’s D and E Scores, as well as the time and line deductions. This inquiry or protest gives the opportunity to the judges to review their work to be sure that the D Score and Final Score are correct. If warranted, a change will be made. The following outlines the procedures related to an inquiry:

a) A coach may request information on the D score and/or E Score of his/her own athlete. This request can be made verbally to the D 1 Judge following the end of a rotation, a session or a competition provided that the judges are available.

b) A coach may also inquire about a change to the technical organization (e.g. order of passage, warm-up procedures, etc.) with the D 1 Judge or the Competition Head Judge. Any dissatisfaction must be voiced IMMEDIATELY and addressed BEFORE the changes are carried through otherwise the coach will not have the option to protest or appeal the change later during the competition.

c) The D 1 Judge will give a brief verbal explanation. Any further discussion should not be expected and will be at the discretion of the D 1 Judge. Response to an inquiry must not in any way delay the competition. Coaches should not expect justifications to cover every 0.10 p. deduction. In general, there will be no adjustment of score as a result of an inquiry.

d) Improper conduct including language or body language will not be tolerated. In case of improper conduct by a judge, the coach will notify the Canadian Head Judge who will address the matter.

e) Occasionally, an inquiry can be made in writing by a coach about an athlete or a coach of another club/team to the Canadian Head Judge. The inquiry can only be on the presumption that the rules were not applied or were applied incorrectly. The inquiry must be made within the same deadlines as a protest. The inquiries will be recorded by the Canadian Head Judge for 24 months. The abuse of this procedure will lead to sanctions.

7.4 PROTESTS

For Canadian Championships and Elite Canada the regulations related to protests may be found under Section 4 of the Women’s Program Manual.
7.4.1 GENERAL RULES FOR CANADIAN CHAMPIONSHIPS AND ELITE CANADA (WPM SECTION 4)

a) A coach may make a judging protest or a technical protest for his/her own athlete.
b) A protest must be submitted in writing on the form in Appendix, which will generally be available at the competition.
c) Protest: form and fee submitted to the Canadian Head Judge, no later than 15 minutes after the completion of the rotation. In the case of the last rotation, the coach has 5 minutes after the completion of the rotation to file a protest.
d) The protest fee is $40.00 per protest, i.e. per athlete, per apparatus. It must accompany the completed form in order for the protest to be considered received.
e) The fee is returned to the coach if the protest is granted. The fee is remitted to GCG if the protest is denied.

7.4.2 VIDEO REVIEW

When an official apparatus reference video is available, the judges may review the video when addressing an inquiry or protest. Only the skill(s) in question will be observed to a maximum of three times and only at regular speed. The review of the video will take place in a secluded area. Coaches will not be included in this review.

8 CANADIAN MODEL BONUS (CMB)

• CMB is awarded in addition to the FIG D score.
• CMB is awarded if the value of the element is given, according to FIG criteria.
• CMB is cumulative i.e. all points awarded through CMB are summed together and added to the FIG D score to arrive at the Canadian Model D score.
• CMB for E-Score is added at the end of the calculations and awarded when the E-Score meets the requirement. On BB and FX, the E-Score bonus will be given even if there is one fall, provided that the athlete E-Score meets the minimum required in the table. The first fall only is excluded from the athlete E-Score when determining if the bonus will be awarded. For example, on BB – novice, the E-Score bonus is given if the athlete’s E-Score is 8.5 (excluding the first fall) or above. If her execution (excluding the first fall) is 8.9 (or 7.9 including the fall), the E-Score bonus is given because her E-Score (excluding the first fall) is 8.5 or above.
• In the Novice category, CMB is only awarded on bars if the 3/4 of the CRs excluding dismount have been met.
• CMB is awarded for an element even if there is a fall provided the element is credited according to FIG principles.
• CMB is awarded for performing a series/ direct connection even if there is a fall after the completion of the final element (different than FIG) of the series as long as the connection is performed (as per FIG) without a:
  o hesitation or stop between the elements
  o extra step between elements
  o foot touching beam between the elements
  o loss of balance between the elements
  o additional arm/leg swing between the elements
  o Obvious leg/hip extension on first element before takeoff for 2nd element (help desk March 2015)
Women’s Artistic Gymnastics High Performance Program

- CMB is awarded for performing a FIG connection only when the FIG Bonus is awarded and the connection is completed with no fall.

9 DEFINITIONS AND COMPONENTS OF THE MODEL

The “+” sign (More Advanced)
When a “+” sign is listed beside a value, it refers to the value stated PLUS a more advanced element or value.

For example:

D+ = D and all more advanced elements
TECHNICAL DIRECTIVES

As outlined in the introduction the HP models foster the development of exquisite technique and technical proficiency to assist in the development of young athletes as they prepare for FIG level competition. The following technical directives are to be followed in addition to those already outlined in the FIG Code of Points or as described in FIG Newsletters or FIG Help Desk documents.

VAULT
OPEN TUCK (CANADIAN MODEL)

The body is deemed to be in the “open tuck” position if, during the salto, the hands do not grab the legs. If the gymnast grabs/pulls the legs (firm contact of one or both hands with one or both legs), it would be a called a “Tucked Vault”.

The body position of an Open tucked salto is evaluated at the apex of the post flight. Ideally, the body position should be straight back, hips and knees at a 90° angle. If the body is either significantly more closed or more open, a deduction of 0.1 for exactness of open tuck body position will be taken.

Ideal body position, no deduction for exactness of open tucked body position. The FIG deduction “insufficient and/or late extension” (tucked vaults), will not apply to open tucked vaults.

REQUIRED TECHNIQUE FOR LAYOUT VAULTS
Please refer to the current FIG Code of Points (Section 9) for the required technique. For Novice, a vault that is very close to achieving a layout position but is not a perfect layout and would likely not be credited as a layout by FIG standards i.e. there is a slight flexion at the hip joint will be judged as described below.

- A “close to layout” or “imperfect” layout vault will be recognized as a LAYOUT body position (and receive the corresponding DV for layout vault) and will receive the 0.5 bonus for layout. A body position error will also be taken. This is being done to help bridge the gap between those vaults that are clearly piked and those that are clearly stretched by awarding bonus to athletes who are achieving a vault body position much closer to and almost stretched/layout.

NOVICE VAULT ONLY – TSUKAHARA AND YURCHENKO
Layout, Close to layout and Pike positions
If the vault is performed with body position of 160° or more, the DV of the layout vault will be used.

BARS

PIKE OR STRADDLE SOLE CIRCLE ELEMENTS
The preferred technique is entry with two feet. For the Novice category a step down into a piked or straddled sole circle will meet the requirement for CR under CR #2 however a deduction of 0.1 for technical precision will be applied for the step down entry.

The video link below illustrates the two foot snap for sole circle
https://youtu.be/hSwEpYGjaoO

Pike Circle 2 - https://youtu.be/K_cnIHX4IyU

CLEAR PIKE CIRCLE
Clear Pike Circle - https://youtu.be/rTbF_IYt0Lg

GIANT CIRCLE BACKWARD TO HANDSTAND REQUIRED TECHNIQUE
i) Straight position or curvilinear flexion in the first 120° from handstand.
ii) Underswing should be done in the second 120°.
iii) Curvilinear flexion in the third 120° of giant swing.
iv) In handstand, athlete should show straight body or curvilinear flexion with hips extended and shoulders opened.

Deduct: 0.1 if positions i) – iii) not shown

Accelerated giants are appropriate before double salto dismounts. In that case, a moderate pike position is permissible during the upswing and while passing through the vertical to maintain the acceleration.

VIDEO LINK: https://youtu.be/u5bk_e-b3t4E

GIANT CIRCLE FORWARD IN REVERSE GRIP AND STRAIGHT BODY OR IN REVERSE GRIP WITH LEGS STRADDLED AND BODY BENT
i) The required technical execution is a “swing” technique. The gymnast must show:
   - First 120° - curvilinear extension;
   - Second 120° - curvilinear flexion;
   - Third 120° - curvilinear extension

Swing technique - for all categories
The element must be performed with legs together and body stretched, or body stretched then piked, as follows:
   - First 120° - curvilinear extension;
   - Second 120° - curvilinear flexion;
   - Third 120° - curvilinear extension

Deduct 0.1 if 3 phases not shown

a) curvilinear extension if the body is meant to be stretched; in handstand, hollow chest with head between the arms, shoulders opened, hips extended and legs together;
b) if the body is meant to be stretched then piked:
  • curvilinear extension up to 90° from the vertical
  • bent hips (135° or more) from 90° to handstand
  • in handstand, hips bent for a brief moment with hollow chest and head between the arms,
then dynamic opening of the hips to a stretched body position, shoulders opened, legs together

SPECIFIC APPARATUS DEDUCTIONS (E PANEL)
Giant Circles Prior To Flight Or Dismount:
Giant circles (accelerating technique) without turns prior to flight elements or dismounts have no
deduction for not passing through handstand and they keep the same DV.

LACK OF SIGNAL FOR OVERTIME
On Beam, the deduction for overtime is waived if the timer did not give the warning signal at 1 min. 20 or
did not signal the end of the exercise at 1 min. 30.  All other relevant deductions apply.

ELEMENT RECOGNITION
• 3.405 Illusion 1/1
Gymnast is permitted to start the turn with the support foot turned in to approximately 45 degrees. The
turn can be completed as the leg is going down.

INTERRUPTION TO THE MUSIC
In case the interruption to the music is caused by a technical failure of the audio equipment, the gymnast
has the following options:
  • See help desk March 2015
    If the gymnast has already performed the first acro line the gymnast must continue her exercise.
    There will be no deductions for Artistry and music for the part of the exercise missing music.
  • repeat her exercise without penalty and count the second Score;
  • not repeat her exercise and count her first score to which there is NO 1.00 penalty for absence of
    music.

If asked by the coach, the D1 will give him/her the first score before the coach chooses one of the options.

WRONG MUSIC
There is no penalty if the wrong music is played; the gymnast may step off the floor area (12 x 12 m) until
the appropriate music is ready.  The D1 will give her a new starting signal, which will initiate the 30
second count-down.

FIG HELPDESK
This document available on the FIG website should be reviewed by all coaches.  The Women’s Artistic
Gymnastics Help Desk has the intention to clarify and give examples of the different rules of the FIG WAG
Code of Points.

</table>
Junior / Senior
VAULT | UNEVEN BARS | BEAM | FLOOR
---|---|---|---
(For safety reason, an additional 5 cm mat may be added on top of the mandatory 10 cm safety mat).

**SENIOR**
Modified FIG Rules:
- 2 vaults with different numbers may be performed during the Qualification for Finals and in apparatus Finals.

Only vaults from groups 2 to 5 may be performed during the Qualification for Finals, AA and Apparatus Finals.

If both vaults are from the same group, the D-Score of the 2nd vault must be higher than the D-Score of the 1st vault, and the lowest D-Score must be:
- Minimum 5.3 for backward repulsions vault, and
- Minimum 5.0 for forward repulsion vaults.

For Qualification for all around Finals and event Finals
- 1st vault to count toward the AA Score.
- 2nd vault to qualify for Finals – as per rule above.

**JUNIOR**
Modified FIG Rules
- 2 vaults with different numbers may be performed during the Qualification for Finals and in apparatus Finals.

Only vaults from groups 2 to 5 may be performed during the Qualification for Finals, AA and Apparatus Finals.

The D-Score of both vaults minimum 4.4

For Qualification for all around Finals and event Finals
- 1st vault to count toward the AA Score.
- 2nd vault to qualify for Finals – as per rule above.
The competition head judge must receive a copy of the completed form before it is returned to the person who signed the protest.
REQUEST FOR BAR HEIGHT ADJUSTMENT

The following form must be completed and submitted to the Canadian Head Judge or designate during one of the official training sessions before the competition.

**Note:** Both rails need to be raised by 10 cm.

- **Club**
- **Province**
- **Athlete’s Name**
- **Category**
- **Head Coach Name**
- **Signature**
