

GYMCAN BOARD MANDATE

GymCan's Board of Directors is a policy governance board that provides strategic guidance and direction. This includes defining the organization's vision, mission and values, overseeing the development of a multi-year strategic plan and monitoring performance, hiring the chief executive officer and providing oversight and monitoring enterprise risk and financial performance. To carry out its mandate, the Board of Directors will take appropriate action to ensure its directors demonstrate the appropriate skills and diversity necessary to further the success of the sport of gymnastics.

The Board is accountable to our members - the Provincial and Territorial Gymnastics Organizations - across Canada.
